## Occupational Status and Background

I'm currently the office manager for Materials Testing and Inspection which is a local materials testing and special inspection firm.

## Educational Background (optional)

Associate of Arts-Columbia Basin College and Bachelor of Arts-Heritage University

## Community Related Activities/Organizational Affiliations

Completed both the city of Kennewick Citizens Academy and Police Department Academy. I'm currently on the Benton County Planning Commission and Kennewick Housing Authority serving as Vice-Chair for both commissions. Previously I was on the Kennewick Improvement Board from 2014-2016. I sat on the Washington State Partnership Council on Juvenile Justices' Ethnic and Disparities Committee-2016-2018. Consejo Latino-Vice Chair-2015-Present, LULAC-2016-Present

## Volunteer Experience

I have volunteered with the Downtown Pasco Development Authority, Benton-Franklin Juvenile Justice Center, Saint Joseph Catholic Church, Phoenix High School, and with the Washington State Commission of Hispanic Affairs. I also help coach pop warner football and basketball.

## Skills/Special Interests

Attentive, Coach-able, Relentless, and Positive would be my self defined skills. My special interests are my family, church, politics, sports radio, studying various subject matter, and Seahawk/Cowboy Football.

## Experiences Related to Position

From my volunteer and community related activities information on this application, you can see that I have gained experience in the wants and needs of the community. I've had the pleasure to work in a team setting. I have also garnered the critical thinking skills from my positions on various boards and commissions which has allowed me to make informed decisions that will benefit all in my community. I always strive to understand before being understood. I feel I'm ready to share in the responsibility of governing the place I have called home for over 30 years.

## Why are you seeking appointment?

I'm seeking appointment for two reasons. The first reason is that this is a HARD job. If this was a easy job, everyone would want to do it. My family and I understand the sacrifice that goes with this type of position, and I'm ready to serve the community that raised me. It's a thankless is what I hear. I've never seen it that way being apart of the boards and commissions that I have been fortunate enough to participate on. This job will be hard and it will make me grow not only as a community leader but as a person. A person who has sought any way to serve his community. It's not for the title, it's to put in the work that our community wants our leaders to par take in. No issue is too small or trivial, I want to serve every person in this city. The second reason is that I believe its TIME. It's time that our community sees someone who looks like me on the council. Latinos make up almost a quarter of the residents that populate our city and it will continue to grow. The success of the Latino community as well as other communities will have a dramatic impact on our cites economic and social capital in the years to come. I understand how this comes off but I believe the current council needs to come to terms with this fact. The only way to see progress is sometimes to make it happen yourself. Give one of Kennewick's home grown sons the chance to assist in leading this city. If the time isn't now, it makes me and other Latinos wonder when will be the time for us to share in the responsibility of governing this great city.

**To the best of your knowledge, would any conflict of interest be created as a result of your appointment?**

None.

## Why are you seeking appointment?

I understand the term is limited to five months. My current career makes it virtually impossible for me to participate in the election process, but doesn't preclude me from an appointment to office. I believe that I could fill the rest of Councilman Young's term with the same dedication to the remaining time that I would if elected to the position, but also what I would hope the individual elected to the seat in November would bring to the position.

## Volunteer Experience

My parents demonstrated to me at a very young age that you can't wait for others to do what you know needs to be done. For me this means that I volunteer in whatever capacity is needed for the community activities and organizations I believe in. From building bikes, serving as a board member for United Way, and organizing breakfasts supporting community needs, to participating in feeding thousands at the annual Labor Day Picnic in Columbia Park, help organize work parties that provide building remodels for not-for-profit organizations, and inspiring students to believe in the power of education with After School Matters programs - I volunteer because I care.

## Skills/Special Interests

A lifetime of career opportunities and experiences have allowed me to develop skills that I know are required for this position. I believe that building relationships is key to fostering a community that works for its constituents. I believe that issues can be solved by listening and discussion. I believe that the skill of managing budgets and resources is critical in promoting economic health and maintaining our standard of living. In my spare time, I continue to develop my mechanical and woodworking skills, along with my amateur radio operating skills. I also enjoy the Columbia River and playing softball.

## Experiences Related to Position

I have been a resident of Kennewick for 32 years. My career and volunteerism has afforded me decades of experience in wrestling with ethical, legal, and contractual issues. Years of leadership management has taught me that listening with an open mind and focusing on collaborative solutions is the only way to sustained long-term improvements that benefit everyone. I have been consistently attending the city council meetings for the last 21 months.

## Why are you seeking appointment?

I am blessed to live in this community. I have the heart, passion, and stamina to serve others and make a difference in our city government. The only way this happens is when one chooses to become significantly more involved in the political process. That is why I ran for Kennewick City Council in 2017, have continued to attend the city council meetings, and am applying for the city council vacancy today.

I want to see Kennewick continue on the path of a healthy city supported by business and industry that in turn support our families and citizen needs. Contributing to the development process focused on community diversity, safety, economic growth, and health needs of our citizens is important to me.

I am energized by the opportunity to serve Kennewick and will greet this challenge with honesty and integrity, with confidence and communication, and commitment to those I serve. I believe that my life experiences and ability to bring diverse groups of people together to solve problems for the common good will serve me well as a councilman.

## To the best of your knowledge, would any conflict of interest be created as a result of your appointment?

No
