

# City of Kennewick Yard of the Season Program

The yard of the season program has been designed by the Parks and Recreation Commission to share our appreciation for individuals and businesses for their hard work towards beautifying the City of Kennewick.

We need your help by nominating homes and businesses, in the City Limits of Kennewick, that you feel are doing a great job on their yards.

Awards will be given for Spring, Summer and Fall only. Nominations are due no later than: April 7th, June 7th or September 7th.

Judging will be based upon: Regular mowing and trimming, flower beds, lawn to be free of weeds and disease, trees and shrubs pruned, all planting strips well cared for and attractive to look at.

*A committee from the Basin Bloomers Garden Club volunteers their time to do all the judging.*
