

# Kennewick Arts Commission Traffic Utility Box Art Wrap Template

The black rectangles below indicate the approximate size of each panel. If your design is selected, it may need to be adjusted to fit varying box dimensions.

Your concept design submitted for the "Call to Artist" does not need to fit the below dimensions or be a final product.

If your concept design is selected your final design should be a high resolution image that fills the entire space outlined below to the pink bleed lines.
