Is this HVAC system greater than 2000 CFM? (This includes all units servicing the same conditioned space)
(Required) Yes No

If yes, smoke detectors are required to be installed in the return air ducts and a separate Fire Detection Permit is required for the completion of the smoke detector installation.

****Please contact the Kennewick Fire Department at 509-585-4302 for fire permitting information****

Location of appliances _____

It is the responsibility of the applicant to provide all necessary information required for review. Please verify that all sections applicable to the proposed project have been completed in order to prevent any delay in plan review. Incomplete applications will be returned.
