2	We desperately need something to improve tourism to this area. A revitalized downtown is key to this. In my opinion, if you focus on making this area a destination spot you will succeed. There must be considerations for easy access, parking, walkways, as well as entertaining venues to succeed. Quality night-life attractions are severely lacking in this area, too.	7/9/2015 8:11 AM

4	Pasco has food trucks. Mall has clothing. I like areas of Seattle or Wenatchee that have quaint shops, perhaps a gathering place where innovation exists, some brand restaurants, a pier type feel with professional setting to a degree. No more wine villages. Be a trendy leader not a follower	7/8/2015 12:02 PM
