

How to get started

If you want to enhance your property, save money and maintenance costs, be a positive contributor to improving the quality of the urban environment, and increase real property values, contact us to help you!

Commissioners are happy to meet with you to share ideas and discuss the possibilities which exist within your project, on your budget, with no obligation.

For more information contact us at arts@ci.kennewick.wa.us

**ENHANCE YOUR BUILDING PROJECT
WHILE SAVING MONEY**

THE KENNEWICK ARTS COMMISSION CAN HELP

Better for everybody

Cultural and artistic assets enrich the quality of life for those who live and work in Kennewick, and create a memorable experience for visitors. Help create this community!

What's in it for you?

- Increase real property values
- Lower maintenance costs
- Make your property stand out in the marketplace
- Attract visitors
- Improve the urban environment

What are we talking about?

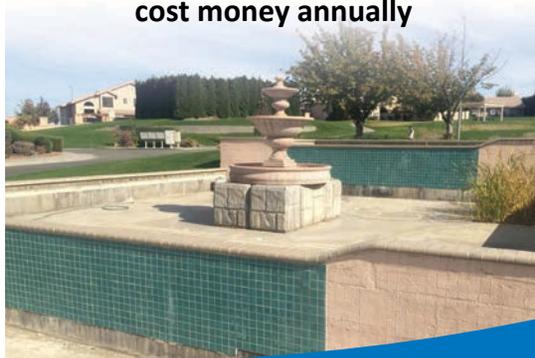

Instead of resource-consuming landscaping, a fountain, or generic monumental sign as your focal point, **consider art**. In many cases art can be obtained for similar costs, and longterm expenses are less.

- Your sign can be incorporated into the artwork
- Comparatively little to no infrastructure is required
- Low to no maintenance, and no overuse of water
- Creates a uniquely identifying landmark
- Showcases support for the community and arts in general
- Promotes sustainability

Art saves money annually

Water and landscape features cost money annually

How does this free service work?

Arts Commissioners oversee established "Art Zones" throughout the city, and act as liaisons to developers and citizens regarding projects in private/public venues. Show us your building or site, and we'll help you to incorporate artistic elements that enhance your property.

Commissioners are available to:

- Consult at no cost
- Support patrons in their art selection process
- Facilitate call to artists based upon the patron's concepts
- Collect and oversee artist proposals
- Include your project in the Kennewick Art in Public Places Directory, if you choose
